

Why a Group?

ACC offers a variety of groups who gather together on a regular basis for the purpose of Discipleship - the process of growing and being crafted more and more into the likeness of Jesus.

In a typical group you will find real people, with real issues and real needs, all joining together to build authentic relationships so that we can help one another to follow Jesus, to be changed by Jesus, and to commit to the mission of Jesus.

It is in these smaller relational environments that we strive to make disciples who will then go and make disciples themselves.

We are also convinced that real discipleship requires interaction and relationship that can only truly happen in smaller relational environments. So at ACC, we encourage EVERYONE to get plugged into a group on a regular basis.

"...when the whole group is together, each bringing out all that is best, wisest, or funniest in all the others. Those are the golden sessions...when the whole world, and something beyond the world, opens itself to our minds as we talk; and no one has any claim on or any responsibility for another, but all are freedmen and equals as if we had first met an hour ago, while at the same time an affection mellowed by the years enfolds us. Life- natural life- has no better gift to give."
